## ALIMAK MC 450

## Mast climbing work platforms

TECHNICAL DATA - LOADING DIAGRAM

| Capacity |  | Single | Twin |
| :---: | :---: | :---: | :---: |
| Platform length, min/max | m | 4.2 / 10.2 | $8.6 / 30.2$ |
| Platform width, standard/with extension | m | 1.2 / 2.2 | 1.2 / 2.2 |
| Max payload capacity | kg | 2,500 | 4,500 |
| Max payload at max platform length | kg | 1,500 | 2,500 |
| Speed 50Hz/60Hz | $\mathrm{m} / \mathrm{min}$ | 8/9.6 | 8/9.6 |
| First anchor position | m | 3 | 3 |
| Max lifting height | m | 200 | 200 |
| Tie distance | m | 8-10 | 8-10 |
| Dimensions and weights |  |  |  |
| Lowest transport height | m | 2.2 |  |
| Height to platform | m | 1.2 |  |
| 1.5 m mast section (SQ450x450) | kg | 75 |  |
| Deck 1.5 weight incl. standard outriggers | kg | 132/133 |  |
| Deck 0.8 weight incl. standard outriggers | kg | 99/100 |  |
| Groundframe weight incl. base frame and base mast | kg | 220 |  |
| Base unit weight incl. drive unit, base frame, base mast,first mast and base mast | kg | 220 |  |
| Electrical data |  |  |  |
| Rated power | kW | $1 \times 4$ | $2 \times 4$ |
| Voltage | $\mathrm{V} / \mathrm{Hz}$ | 400 | 400 |
| Control Voltage Frequency | Hz | 50/60 | 50/60 |
| Power supply fuses (Operating/Starting) | A | 12/58 | 20/116 |
| Power cable | xmm2 | $5 \times 6$ | $5 \times 6$ |
| Starting H=120 Cable trolley is required |  |  |  |
| Safety equipment |  |  |  |
| Alimak safety device |  |  |  |
| Emergency buttons |  |  |  |
| Top mast |  |  |  |
| Possibility to lower platform at power failure |  |  |  |
| Limit switches |  |  |  |

## ALIMAK MC 450

## Technical specifications

|  | Code | MC 450 |
| :--- | :--- | :--- |
| Max machine length Single -Twin | A1 | $10.20 \mathrm{~m}-30.20 \mathrm{~m}$ |
| Max base frame length | B1 | 1.20 m |
| Max base frame width | B2 | 1.35 m |
| Base frame height (incl. base mast) | B3 | 0.67 m |
| Max base unit height incl. base frame, base mast, first | B4 | 2.20 m |
| mast (platform at the lowest position) | C1 | 1.20 m |
| Height from deck to ground (platform at the lowest position) | C2 | 2.00 m |
| Height from deck to top of mast guard | D1 | 1.20 m |
| Standard platform width | D2 | 2.20 m |
| Max platform width (incl. extension) | D3 | 0.40 m |
| Distance from mast center to deck center | D4 | 1.82 m |
| Distance from mast center to stair ends | D5 | 2.18 m |
| Width of end fence |  |  |
